

7 Apps Every Parent of a Teen Should Know About

Calculator

Certain calculator apps can lead to a vault protected by a password used to hide pictures.

Audio Manager

This app poses as a way to manage music, control volumes and other things pertaining to audio, but this is actually the #1 app used to hide other apps and pictures.

Snapchat

Most parents are aware of the dangers involved with an app that allows images to self-destruct but did you know that often nude pictures get posted to a revenge site called SnapPorn?

Burn Note

Burn Note is your Snapchat for text messages. Messages can vanish but this doesn't mean they aren't still out there.

Line

Line is a new all inclusive app that pretty much do anything; Including set times to for images, videos, and text messages to self-destruct.

Omegle

This app allows users to chat with random strangers. Users anonymous and they can choose any topic to talk about. This is a predators dream app.

Kik Messenger

This app is used to send videos, photos, texts, and sketches. Many users place ads for sex on sites such as Reddit and list their Kik usernames as instruction to find them. With this app, the term "Sext Buddy" has been replaced with "Kik Buddy."
